

# Chinese Ink Painting

Primary Ones

Watercolour Paint on Paper, 2021

Learning about Chinese ink painter Chen Wen Hsi inspired us to try making our own Chinese ink paintings. We tried drawing directly with the brush instead of using a pencil to plan our artworks. This was quite challenging as we had to improvise when we made mistakes.

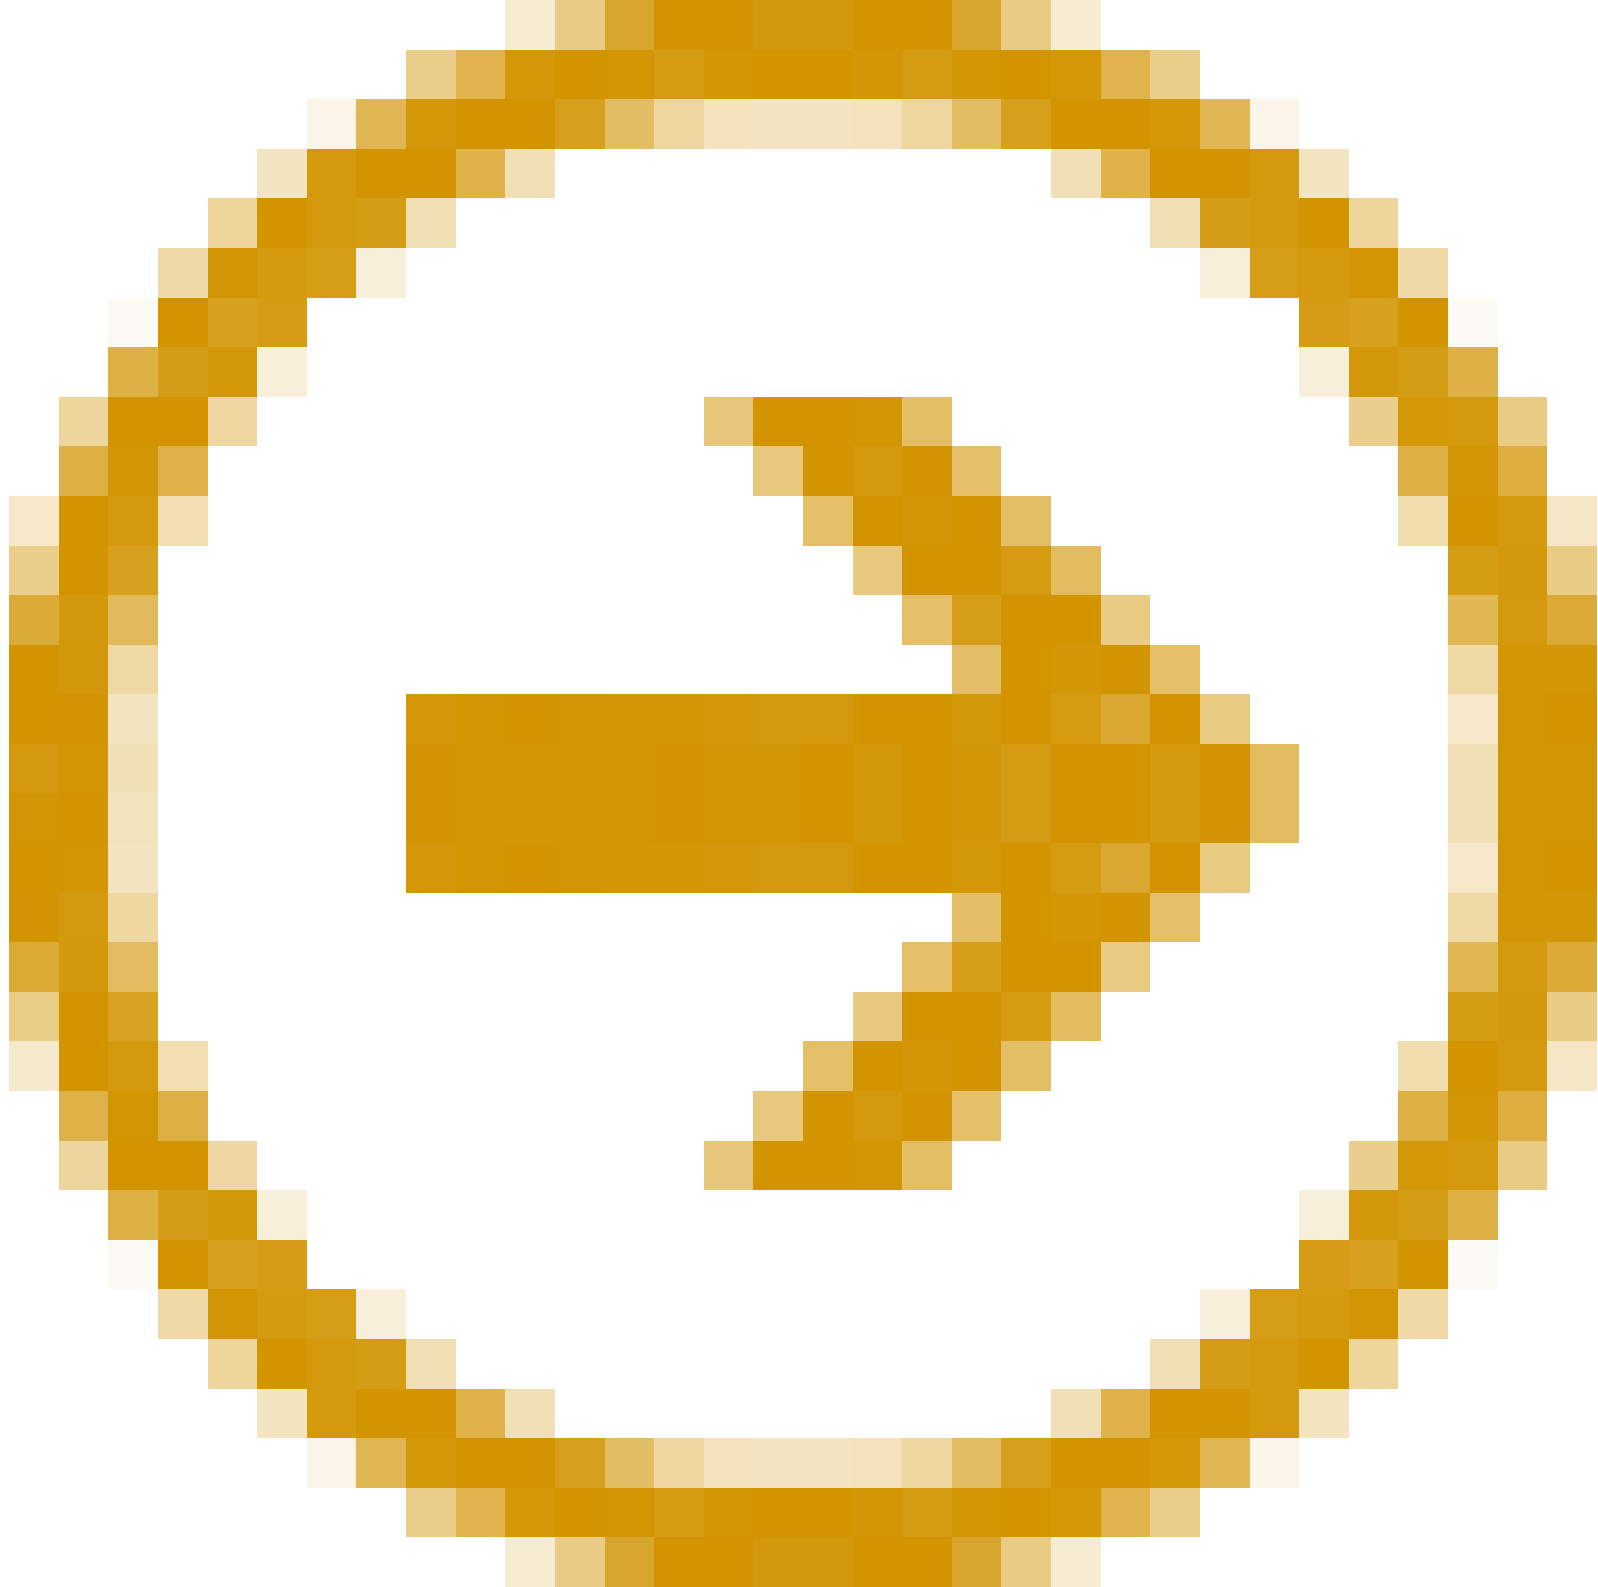

Many of us painted scenes from nature that we enjoyed. We hope that we were able to present our artworks in a colourful and pleasing way.
