

Action Painting

Primary Twos

Acrylic Paint on Paper, 2021

“Splash!” “Drip!” “Swoosh!” These were the sounds we made as we made artworks like famous American Abstract Expressionist Jackson Pollock. Just like Jackson Pollock, we used actions to make different kinds of marks on our paper using paint. It was important to learn and use different colours and movements to ensure that our artwork looked vibrant yet beautiful.

We found that these action paintings reminded us of nature and we added elements to reflect that.

Take your time to appreciate our unique and personalised painted artworks inspired by Jackson Pollock!
